

# P.S.I. SUPPLIES PTY LTD

## At A Glance

### General Pneumatic Suppliers to Industry

PSI Supplies was established in 1995 in response to a market need for a company to supply pneumatic, hydraulic and ancillary products from a wide variety of sources. Our aim is to allow companies to reduce their vast list of suppliers of products to a single supplier that can cater for most of the day-to-day requirements of spare parts and upgrade to manufacturing machines.

We have access to all of the below products, and more, through various suppliers.

### Fittings

We have a large range of fittings available, including:

- Push-in Fittings (plastic & stainless steel)
- Pneumatic Function Fittings
- Food-safe Fittings
- Plugs, Silencers & Manifolds
- Stainless Steel, Compression Brass

### Tubing

Including:

- Polyurethane, Nylon or Teflon Tubing
- Multitube
- Braided PVC Hose
- Recoil Tubing
